

Porchers Preserve Exterior Home Color Palette

The Porchers Preserve Color Subcommittee met and compiled a list of current and expanded exterior house color options to represent our neighborhood palette. The new list includes Sherwin Williams colors from the Historic Charleston color family as well as existing Sherwin Williams exterior home colors.

- Colors must STILL be approved by the ACA to confirm adherence to guidance on the proximity to other houses of the same color.
- This DOES NOT represent color options for doors, shutters, etc. These can individually be submitted to the ACA for approval and should be seen as an opportunity to show some creativity, albeit one that partners well with the current established exterior home palette.

Color	Ref. #
Aiken Ivory	DCR002
Blake House Yellow	DCR008
Sullivan's Dune	DCR003
Yellow Jessamine	DCR009
Cornmeal	DCR016
